

Environmental Policy

Arcadian Living has protection of the environment at the core of its business, and recognizes that our operations have the potential to impact on the environment. We are committed to the protection of the environment and continue to seek solutions that may have a positive environmental effect.

Arcadian Living is committed to the following;

- ☛ Complying with environmental legislation and the prevention of pollution.
- ☛ Sourcing products in line with our Green Purchasing Policy.
- ☛ Using materials and equipment that have the smallest environmental impact.
- ☛ Implementing the waste hierarchy to reduce, reuse and recycle where possible.
- ☛ Safer arrangements for the use, handling, storage and transportation of equipment and materials that may have an environmental impact.
- ☛ Ensuring that employees are kept up to date with best working practices and use of equipment and materials to manage environmental impacts.
- ☛ Revising and reviewing practices and specifications to incorporate any environmentally beneficial technology or materials.
- ☛ Continuing to manage the impact of business travel by careful route planning, routine vehicle maintenance and driver education.
- ☛ Seeking to influence suppliers up and down the chain of the importance of environmental protection.
